

INDUSTRIAL TECHNOLOGY

(Report on Research Institute of Industrial Technology in Toyo University)

CONTENTS

●Foreword

The era of generative AI Hideo KAWAGUCHI 1

●Congratulation

Receiving Meritorius Deed Prize from the Japan Concrete Institute 2023 Kosuke YOKOZEKI 2

●Lecture Meeting and Event

Report on the 3rd Competition of Manufacturing Idea *Human resource development through manufacturing* Toru KATSUMATA 3

Mechanical engineering supporting the basis of CPS (Cyber Physical System)
..... Sho YOKOTA · Kiyoshi MATSUMOTO · Kazuaki YAMADA
..... Yoshihiro KUBOTA · Kazuhiro NAKASHIMA · Yasuhiro SHINDO 4

Trend and Future prospectives on AI
Report of the 40th lecture at the Research Institute of Industrial Technology of Toyo University
..... Masafumi NAKANO 9

●Report on the Project Studies

Project Study of RIIT

A proposal and verification of performance of sustainable temporary structures using joints of the column and penetrating beam
..... Takahiko HIGUCHI · Hiroki YOSHINUMA · Takashi OWADA · Ryo SAITO · Sho MURAKAMI · Yuya TAKAIWA 11

Project Study of Industry-Academia Collaboration of RIIT

Quantifying medical device inspection tasks using optical flow
..... Yasushi YAMAUCHI · Kaito NAKAZAWA · Shinobu KANAI 17

Isolation and powdernization of safe and secure baker's yeast strains
..... Naoko TAKAHASHI-ANDO · Nozomi TODO · Hiroto FURUSAWA · Yasuyuki TANAKA 22

Development of analytical method for tea seed oil by NMR
..... Ami MATSUMOTO · Satoshi KAMINO · Etsuko KATOH 27

Evaluation of nitrogen-wastewater treatment process utilizing organic wastewater
..... Kazuichi ISAKA · Takashi NEMOTO 31

Isolation of novel luminescent bacteria and construction of a library for its application Hiroaki MINEGISHI 35

Development of dissolved gas analysis using artificial intelligence techniques
..... Hongjie ZHENG · Ryuji SHIOYA · Masato MASUDA · Yasushi NAKABAYASHI
..... Hiroshi MATOBA · Keiichi NAKAJIMA · Hideyuki OKAKURA · Hiroki NAKAMURA 40

Industry-University Collaboration Project on Stability Analysis of Power Systems Dominated by Inverter-Based Resources Yuko HIRASE 44

●Research Overview

Traffic and Transport Digital Twin Technology for Safe and Secure Mobility Society Hironori SUZUKI 49

Atmospheric Plasma Jet for Electrical-insulation Resin Surface Treatment
..... Hajime URAI · Zhizhi LIU · Taiki OSAWA · Akitoshi OKINO · Hiroki KOJIMA 52

A study on bounded linear operators on Hilbert space Takeaki YAMAZAKI 54

Effects of age and regional differences on weather conditions during emergency transport for heatstroke Satoru UENO 57

Toward Development of High-Performance Slitless-Fin Heat Exchangers with Pulse Type Oblique Wavy Walls Kenichi MORIMOTO 60

Non-contact physiological measurements Toshinari AKIMOTO 63

Vascular Stenosis Screening by Intradialytic Shunt Sound Using Deep Learning Yutaka SUZUKI 65

A Research on Dialogue Systems Utilizing Multimedia Information:
Enhancing User Well-being and Satisfaction Masayuki HASHIMOTO 69

Organoboron Photocatalyzed Cadogan Cyclization Susumu ODA 72

Improvement of Efficiency of Building Construction Planning Workflow using BIM Shuhei TAZAWA 75

The Impact of Nonverbal Communication on Customer Satisfaction in Self-Service Stores Michiko TAKECHI 77

Development of Visual Inspection Method for Industrial Glass Components using Artificial Intelligence
..... Masato MASUDA · Motohiro MISAWA · Go KAWAGUCHI · Yasushi NAKABAYASHI · Yoshiaki TAMURA 80

A study on displacement ventilation for a hospital ward Narae CHOI 83

Research Institute of Industrial Technology
2100 Kujirai, Kawagoe-shi, Saitama 350 -8585

TOYO UNIVERSITY
